

February 14<sup>th</sup>, 2014

State of Connecticut:

My name is John Seneca and I live at 155 Bee Street in Meriden Ct. I was with Ace Oil, and was left looking for a new oil company after they went out of business. I decided to go with Roman Oil Company and am very happy with my decision. I also decided to enter a prepay contract with them and am very happy that I did so. I love the program and it is saving me almost \$100 this year.

To do anything that would harm this program or make it more expensive would be a mistake. The consumers of Connecticut want this program because it is affordable and offers us security. Please find a way to take the existing laws and enforce them. .

Sincerely,

  
John Seneca
